**NOTICE REGARDING ADVISORY SCOPE OF WORK FOR
THE SOUTHERN CALIFORNIA TEAMSTERS'
GENERAL PREVAILING WAGE DETERMINATION**

The California Labor Code requires the Director of the Department of Industrial Relations to determine the prevailing rate of per diem wages for all workers employed upon public works projects. The Division of Labor Statistics and Research ("DLSR") undertook an investigation in 2009 to determine the prevailing wage rates for the **installation of solar and photovoltaic systems in Los Angeles, San Diego and Imperial Counties**. The results of the questionnaire have been compiled and based on them the minimum rate of pay for the work in question is -- **Electricians: Inside Wiremen** for the Los Angeles, San Diego, and Imperial Counties General Prevailing Wage Determinations.

The type of work listed below, as identified in the Teamsters 2009-2010 Southern California Construction Master Labor Agreement between Southern California General Contractors and Teamsters Joint Council #42 and Teamsters Local Union #87, Affiliated with the International Brotherhood of Teamsters were not published or recognized for **Los Angeles and Imperial Counties** by the Department of Industrial Relations starting with the **August 22, 2009** issuance of the Southern California Teamsters' general determination, **SC-23-261-2-2009-1** and continuing with any subsequent Southern California Teamsters' general determinations until superseded by the Director. The rates associated with this unrecognized type of work (solar energy installations and appurtenances thereto) **SHALL NOT** be applied or used on public works projects for the associated type of work.

102.5.1. It shall cover work on building, heavy highway, and engineering construction, including the construction of, in whole or in part, or in improvement or

modification thereof, including any structure or operations which are incidental thereto, the assembly, operation, maintenance and repair of all equipment, vehicles, and other facilities, including helicopters used in connection with the performance of the aforementioned work and services and including without limitation the following types or classes of work.

102.5.2. Street and highway work, grading and paving, excavation of earth and rock, grade separations, elevated highways, viaducts, bridges, abutments, retaining walls, subways, airport grading, surfacing and drainage, electric transmission line and conduit projects, water supply, water development, reclamation, irrigation, draining and flood control projects, water mains, pipe line, sanitation and sewer projects, dams, aqueducts, canals, reservoirs, intakes, channels, levees, dikes, revetments, quarrying of breakwater or riprap stone, foundations, pile driving, piers, locks, dikes, river and harbor projects, breakwaters, jetties, dredging, tunnels, soil testing and building inspection.

102.5.3. The construction, erection, alteration, repair, modification, demolition, addition or improvement, in whole or in part, of any building structure, including oil or gas refineries and incidental structures, solar energy installations and appurtenances thereto, also including any grading, excavation, or similar operations which are incidental thereto, or the installation, operation, maintenance and repair of equipment, and other facilities used in connection with the performance of such building construction except where such structures are an incidental or supplemental part of highway and engineering construction, as defined in this Article.

102.6. All work performed in the Contractor's warehouses, shops or yards which have been particularly provided or set up to handle work in connection with a job or project covered by the terms of this Agreement and all of the production or fabrication of materials by the Contractor for use on the project shall be subject to the terms and conditions of this Agreement.

103. A vendor, who makes deliveries of materials, supplies or equipment and, who, incidental to or as a part of the furnishing or delivery of material,

supplies or equipment, does any work at the jobsite, shall be a party to a current collective bargaining agreement with the International Brotherhood of Teamsters, or one of its affiliates. In the event a vendor is not party to such an agreement, he shall not perform any jobsite work except that deliveries may be made by such vendor to central storage areas, or storage tanks for later distribution by employees covered by an appropriate, current labor agreement with the appropriate union, or subordinate body, affiliated with the Building and Construction Trades Department AFL-CIO, or with the International Brotherhood of Teamsters, or an affiliate thereof. This subparagraph shall apply only to vendors and shall not be applicable to Contractors or their Sub Contractors or to their employees.

104. Repairs necessitated by defects of material or workmanship or adjustment of newly purchased and/or installed equipment or machinery will not be subject to this Agreement when such repairs and/or adjustments are made pursuant to the terms of a manufacturer's guarantee and the Union will not hamper such manufacturer or his agents or employees on such exempted work.
